Persona Sketch

COMPOSITE PERSONA · DESK RESEARCH · NOT YET INTERVIEWED

Composite persona, no photo

About

Name:	**Grace N.**
Residence:	**Nairobi, Kenya**
Gender:	**Female**
Age:	**47**
Status:	*To confirm in interview*
Education:	*To confirm in interview*
Profession:	**Salon owner**
Archetype:	**The Careful Manager (hyp)**

Bio

Grace runs her own salon in Nairobi and shops for groceries online. Three years ago she was diagnosed with hypertension, and cutting sodium has been her main food rule ever since.

Her retailer, device and household are still to confirm in interview.

Goals

Desk Keep her blood pressure under control through everyday food choices.

Desk Know whether a product fits her low-sodium rule before she pays.

Hyp Finish the weekly shop quickly, without decoding every label.

Personality

Social — Ego

Order — Freedom

Extrovert — Introvert

Thinking — Feeling

Judging — Perceiving

Not yet observed. Set the sliders from interview observations.

Pain Point

Desk Nothing on the product page shows how much sodium or saturated fat an item carries. No Kenyan online retailer surfaces a front-of-pack signal, and on-pack labels are incomplete.

Hyp She guesses, avoids whole categories, or reads small print item by item.

Quote – *"Tell me at the shelf what I can have. I don't have time to decode every label."* Hypothesis in her voice, not a real quote. Replace with a verbatim interview quote.

Composite persona built from desk research (Kenya STEPS 2015; NUT-04 persona profiles). Not an interviewed person. Replace every Hyp and To-confirm item after the interviews.

Influencer Ecosystem Map

Seeing

Environment
Desk Naivas Online and Carrefour Kenya product pages: photo and price, no nutrition signal (Food-EPI 2020).

Friends
To confirm in interview

What the market offers
Desk Incomplete pack labels (added sugar is not mandatory). No Chrome extension scores Kenyan grocery sites (June 2026 scan).

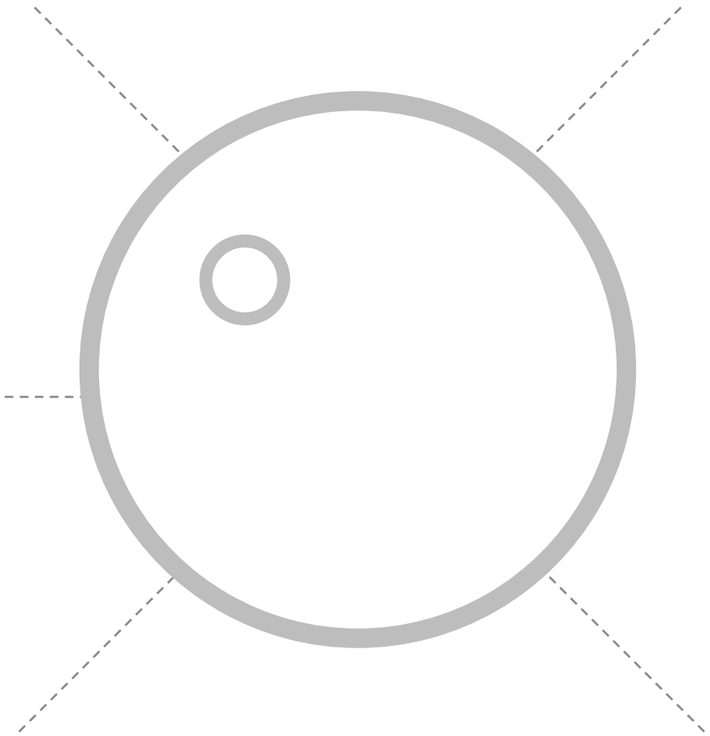

Thinking & Feeling

What really counts | Major preoccupations | Worries & aspirations

What really counts
Hyp Keeping her blood pressure under control.

Major preoccupations
Hyp Getting each week's shop right without reading every label.

Worries and aspirations
Hyp Worry that one wrong item undoes her effort; wants a quick, confident shop.
